

Mandatory 'origin' tag comes into force for e-com companies

New Consumer Protection Act lays down rules, fixes penalty

OTHER CHANGES IN THE ACT

- Penalties for misleading advertisement
- Sets up a centralised consumer protection authority
- Simplifies dispute resolution process
- Introduces the concept of product liability
- Gives option to file class action suits
- Provides facility to file complaints from anywhere
- Separate rules to guide the functioning of direct selling companies to be notified soon

SANJEEB MUKHERJEE
New Delhi, 20 July

The rules making it mandatory for e-commerce platforms and market places, like Amazon and Flipkart, to display the country of origin of products will be notified later this week, central government officials said.

The display, according to the draft rules for e-commerce companies under the Consumer Protection Act (CPA), that came into force from Monday, will also be applicable for platforms and market places that are registered outside India. This has been introduced in an apparent bid to curb use of Chinese products.

"The draft rules for e-commerce firms under the Act will be notified by the end of this week," Union Consumer Affairs Secretary Leela Nandan told reporters on Monday.

The declaration of the country of origin of products will enable consumers to make an informed decision, she said. Action will be taken on firms for violating the rules according to the provisions of the Act, Nandan added.

"Any seller offering goods or services through a marketplace e-commerce entity shall provide all relevant details about the goods and services offered for sale by the seller, including country of origin, which are necessary for enabling the consumer to make an informed decision at the pre-purchase stage," the draft rules under the Act say.

The amendments to the CPA were cleared by the Parliament last year.

Apart, from e-commerce, the Act also has a host of other provisions including penalties for misleading advertisements, a central consumer protection authority, product liability, class action suits, simplified dispute resolution mechanism, and facility to file complaints from anywhere.

It will also have separate rules to guide the functioning of direct selling companies that will also be notified soon.

Meanwhile, for e-commerce firms, the draft rules said that all such entities, whether they are marketplaces or not, need to have a proper grievance redressal mechanism that needs to be prominently displayed on their websites.

The grievance redressal officer appointed by the firm will have to dispose of complaints within a month.

If any e-commerce entity sells imported goods, it has to mention the person from whom the goods have been purchased or the seller of such goods. The rules also state that e-commerce firms can impose cancellation charges on consumers only if it also bears such a charge in the event of unilateral cancellation of order from its side.

A seller in an e-commerce marketplace shall enter into formal agreements or contracts with the platform. The seller also needs to appoint its own grievance redressal officer, who will acknowledge a consumer complaint within 48 hours of receiving the same.

That apart, any seller on an e-commerce platform has to disclose its contractual obligation with the platform alongside price, shipping charges.

Inventory e-commerce entities will also provide information to the consumers on refund and return, and pricing in a clear and transparent manner, the rules say.

NUPUR ANAND & AFTAB AHMED
New Delhi, 20 July

India is looking to privatise more than half of its state-owned banks to reduce the number of government-owned lenders to just five as part of an overhaul of the banking industry, government and banking sources said.

The first part of the plan would be to sell majority stakes in Bank of India, Central Bank of India, Indian Overseas Bank, UCO Bank, Bank of Maharashtra and Punjab & Sind Bank, leading to an effective privatisation of these state-owned lenders, a government official said.

"The idea is to have 4-5 government owned banks," said one senior government official. At present, India has 12 state-owned banks.

The government official said that such a plan would be laid out in a new privatisation proposal the government is currently formulating, and this would be put before the cabinet for approval. Finance Ministry declined to comment on the matter.

The government is working on a privatisation plan to help raise money by selling assets in non-core companies and sectors when the country is strapped for funds due to lack of economic growth caused by the Covid-19 pandemic.

Several government committees and the Reserve Bank of India have recommended that India should have not more than five state-owned banks. "The government has already said that there will be no more mergers (between state-owned banks) so the only option for them is to divest stakes," a senior official at a state-owned bank said.

Last year, the government had merged ten state-owned banks into four, creating a handful of larger banks in the process. "Now we are thinking of selling the unmerged banks to private players," the government official said.

But the government's privatisation plan is being worked out when the banks may face rising bad loans later this financial year because of the fallout from the coronavirus crisis.

The divestment plans may not happen in this financial year due to unfavourable market conditions, the sources said.

India expects bad loans at its banks could double after the crisis brought the economy to a standstill. Indian banks already had ₹9.35 trillion (\$124.38 billion) of soured loans, equivalent to about 9.1 per cent of their total assets at the end of September 2019.

As a result, the government may need to pump in nearly \$20 billion into its state-owned banks.

VIRUS UPDATES

T20 World Cup delay clears decks for IPL

The ICC on Monday postponed the T20 World Cup in Australia owing to the Covid-19 pandemic, paving the way for the BCCI to hold the Indian Premier League (IPL) during the October-November window. "The International Cricket Council (ICC) confirmed the ICC Men's T20 World Cup in Australia 2020 has been postponed due to the pandemic," it said. The T20 World Cup was scheduled Down Under from October 18-November 15 but Cricket Australia, in May itself, had intimated the ICC that it would be near impossible to stage a closed-door event with quarantine arrangement of 16 teams. In addition, the 2023 50-over World Cup in India was pushed from March-April to the November window to give more time for the qualification process.

2-day lockdown in Bengal every week

Stating that community transmission of Covid-19 has been recorded in a few areas in West Bengal, the Mamata Banerjee government on Monday announced a complete lockdown across the state for two days every week to stem the spread of the disease. The decision was taken during a meeting, chaired by Chief Minister Mamata Banerjee, Home Secretary Alapan Bandyopadhyay said.

"There are a few places in the state where community transmission of Covid-19 has been detected. After talking to experts, doctors, enforcement authorities, and the police, we have decided to impose complete lockdown for two days every week in the entire state to break the chain," he told reporters at the secretariat.

Dubai's India mission to open on holidays

The Indian consulate in Dubai will remain open even on the weekends and public holidays from August 1 till December 31 to cater to the emergency needs of Indians here in the midst of the Covid-19 pandemic, a media report said on Monday.

Aman Puri, who took charge as the Consul General of India in Dubai on July 19, said consular services would be made available for those in need of emergency requirements such as passport renewal for emergency travel, the *Khaleej Times* reported.

However, Puri said the decision to keep the consulate open all days of the week was also subject to review, depending on the situation.

REUTERS
New Delhi, 20 July

India is seeking concessions for generic drugs it exports to the US in return for opening its dairy markets and slashing tariffs on farm goods as the two sides seek to shore up a new trade deal, three sources said.

India accounts for 40 per cent of US generic drug imports, including the anti-malarial hydroxychloroquine, touted by US President Donald Trump in the fight against Covid-19.

To win preferential treatment on pharmaceutical exports, the government of Prime Minister Narendra Modi is dangling the carrot of opening its dairy and farm markets to the Trump administration, months ahead of the US presidential election.

"Americans recognise the political compulsion that brings its own benefits," one of the sources with knowledge of the plans said.

India, one of the world's largest consumers of dairy products, has offered an opening to US dairy imports through a quota-based system, two of the sources said. These products would need a certificate they are not derived from animals that have consumed feeds that include internal organs, blood meal or tissues of ruminants because of religious sensibilities in India.

India's federal trade ministry did not immediately comment and the US Embassy in New Delhi referred questions to the US Trade Representative.
