There is more to us than meets the eye

**Design and develop digital solutions
to enhance quality of life.**

“Active participation in the process of creation is our right and our privilege. We can learn to measure the success of our ideas not by our bank accounts by their impact on the world” – [Tim Brown](#)

Purpose

Design and Develop Digital Solutions to enhance quality of life.

Vision

Well-being of human kind depends on seamless Integration of Intelligence in to multiple technologies across varied domains for sustainable quality of life on our Planet Earth.

Mission

Centre of Excellence through innovation to achieve the dream of self-reliant, strong and prosperous India.

Core Values

Passion for excellence, Respect for people, Teamwork, Commitment to community and Nature friendly.

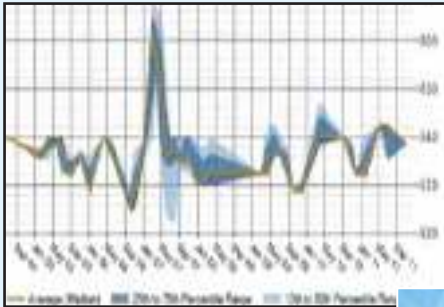

It's all about
Technology & Innovation

"The heart and soul of the company is creativity and innovation" - Bob Iger

ABOUT US

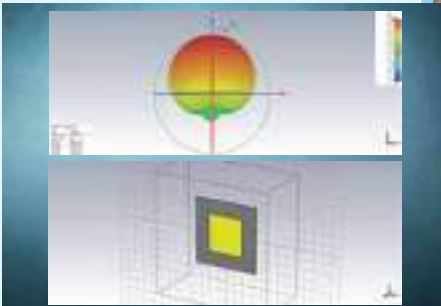

- Close to Three decades of experience in Design, Development Manufacture, Installation & Commissioning, System Integration, Testing & Evaluation of Defence Electronics, Satellite Communications, Telecom & Software Systems
- Technology-driven, public limited company with in-house R&D recognized by DSIR, Govt of India
- Granted industrial License by Govt of India for Design, Development and Manufacture of EW, Radar, Radio Communication (HF, VHF, UHF etc) & Satcom systems
- Strategic alliances with national and research establishments and institutions in India like Space Applications Centre (SAC), ISRO and DRDO Laboratories
- Design and Development of Hardware and Software for Airborne Systems and Modification/Installation of Electronic Equipment on Military Aircraft and Helicopters
- Fully Indigenous solutions in line with "Atmanirbhar Bharat."

RF Design

Embedded System

Signal Processing

Software

*"The most profound technologies are those that disappear.
They weave themselves into the fabric of everyday life until
they are indistinguishable from it" - Mark Weiser*

TECHNOLOGIES

We specialize in integrating technologies viz. Wireless front-end, Satellite Communication, Embedded systems, Signal Processing, Network management and Software development.

Our specialities encompass the following:

Technologies

- Radios
- Transmitters
- Receivers
- Radar Subsystems
- RF Subsystems

Base-Band

- Modems
- Encoders
- Decoders
- Switching & Distribution
- Signal Processing

Standards/ Engg. Practices

- JSS 55555
- MIL-STD-810 F/G
- MIL-STD-461 E/F
- IEEE/EIA 12207
- JSS 0251A
- D0-178 & D0-254

Software

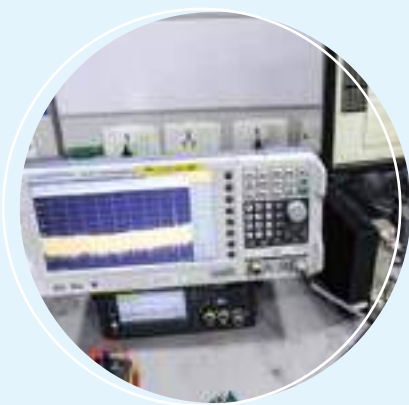

- Embedded Software
- Application Software
- Remote Management
- NMS
- ATE

"Quality in a service or product is not what you put into it. It is what the client or customer gets out of it" - Peter Drucker

QUALITY

- Information security management system compliant with (ISMS) ISO/IEC 27001 : 2013 standards
- Quality management system compliant with AS 9100D & ISO 9001 : 2015 standards
- QMS & ISMS compliance fully integrated with in-house developed ERP "Funwork"
- Environment management system ISO 14001 : 2015
- Occupational health and safety management system ISO 45001 : 2018
- ISO/IEC : 2017 : General requirements for the competence of testing and calibration laboratories

“To raise new questions, new possibilities, to regard old problems from a new angle, requires creative imagination and marks real advance in science” - Albert Einstein

RESOURCES

Wireless

- ADS, EMDS, CST Studio, Nordiasoft eCo Hub SCA v4.1
- ACAD, SOLID WORKS, CADSTAR, PADS
- Digital Transmission Analyzers & Logic Analyzer
- Network Analyzers
- Spectrum Analyzers up to 26GHz
- Vector Signal Generator & Analyzer
- Radio Communication Test sets
- Signal Generators
- High Power Test & Measuring instruments
- BER testers
- Clean Room (Class 100)

Embedded Systems

- Development environment for 8/16/32 bit micro-controllers, AD/TI DSP platforms, FPGA
- Keil, Dynamic C, Silicon Lab, MP Lab, Code Composer Studio, Visual DSP++ for DSP processors, Xilinx Simulators (MATLAB)

Antenna Test Facilities

- Anechoic Chamber with frequency range of 200MHz to 18GHz
- Near field measurements for antennas of linear & circular polarization

Engineering Facilities

- | | |
|------------------------------------|-----------------------------|
| • CNC Vertical Machining Centre | • Painting & Chromatisation |
| • EDM Wire cut & Drill machines | • SMT Assembly |
| • CNC Lathe | • 3D AOI |
| • CNC Drill – Tap center | • PCB Fabrication |
| • Surface Grinding machine | • 3D Printing |
| • Soldering, Wire Harness, Potting | |

Environmental Test Facilities

- High/Low Temperatures, Humidity, Vibration, Shock, Altitude, CATH, Tropical Exposure, Thermal Cycling/ Shock

"We are convinced that if we are to play a meaningful role nationally, and in the community of nations, we must be second to none in the application of advanced technologies to the real problems of man and society" – Dr. Vikram Sarabhai

CUSTOMERS

Avantel's high profile customers include:

BOEING

Lockheed Martin

ISRO

DRDO

Indian Navy

Indian Air Force

Indian Coast Guard

Indian Army

Indian Railways

BARC

BDL

Larsen & Toubro

BEL

ECIL

GRSE

CSL

GSL

HAL

NIOT

INCOIS

HSL

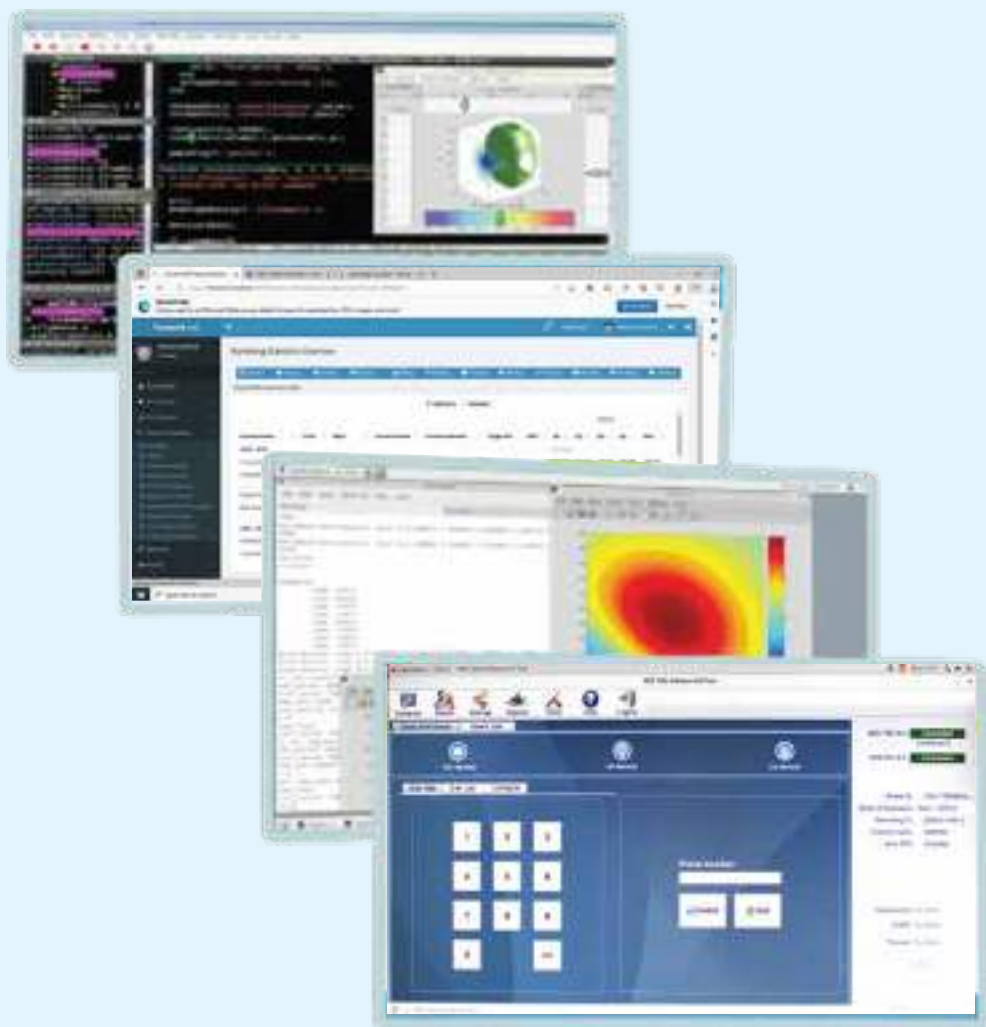

BrahMos

MDL

NARL

"The best way to predict your future is to create it" - Peter Drucker

Capabilities

- RF System Design & Engineering
- Wireless & Satellite Communication Systems
- Embedded Systems & Digital Signal Processing
- Network Management & Software Development
- Multimedia Application Development
- System Engineering
- Project Management
- Life Cycle Support

Value Proposition

- Creative, elegant product design
- Compliance with standards
- Reliable and yet cost effective
- Delivery on time
- Systemic approach
- Simple, innovative solutions to challenging problems

Mobile Satellite Services (MSS) and UHF Satcom for Indian Navy

Reliable, Secured, Real time, Long range (up to 1000 nautical miles from shore), voice and Data communication among Ships, Submarines, Aircraft and Helios

HF Communications

• Superior performance technology
 • High speed data transmission at 128 Kbps
 • Frequency 1.6-30 MHz (HF) & 30-300 MHz (VHF)
 • 100% Duplex system 128 Kbps
 • Self-encrypting & secure
 • 100% redundancy & reliability

Wind Profile Radar

Wind Profile Radar provides 360° coverage, high resolution wind data, from 000 meters to 11100 meters. Available only through 4 Wind S. Wave

Success Stories

- Satellite Communication Products for P8I Aircraft of Boeing
- Mobile Satellite Services Network for Ships, Submarines and Aircraft of Indian Navy
- Real Time Train Tracking and Information System for Indian Railways
- UHF Satcom Network for Indian Navy
- Developed MSS System for Helicopters & Successfully completed Flight Trials
- IKW HF System for Indian Navy
- Developed & Commissioned Wind Profiler Radar for ISRO

"We are what we repeatedly do. Excellence, then, is not an act, but a habit" - Aristotle

Awards and Recognitions

In recognition of our innovative efforts, we have been bestowed with various accolades as listed below.

2017

India SME
100 Awards

India SME forum

2018

SME Empowering
India Awards
2018" under
the category of
"Electronic Goods
& Services 2018"

Arrucus Media
Private Limited
in coordination
with National
Productivity Council

2018

"ELCINA
Defennovation
Awards 2018"
in Excellence
in R&D-MSME
Category

Electronic
Industries
Association
of India - ELCINA

2019

"TOP 25 Innovative
Company by
CII Industrial
Innovation
Awards 2019"

Confederation
of Indian
Industry (CII)

2019

"FTCCI Excellence
Award" under the
category of
"Excellence in
Research &
Development
(Micro and Small
Enterprise)"

The Federation of
Telangana
chambers of
Commerce and
Industry-FTCCI.

2020

National CSR
Award 2020
under
MSME category
for Aspirational
Districts/Difficult
Terrain -
Southern India

Confederation
of Indian
Industry (CII)

2021

Manager of the
Year award
2020-21

Hyderabad
Management
Association
(HMA)

2022

IEI Industry
Excellence Awards
"for the Years
2015, 2018, 2021
& 2022

The Institution
of Engineers
(India)

2022
